

Get Involved in the 48th & Woodland Transportation Safety Study

Above: 47th & Paschall Ave looking north

Updated: November 2025

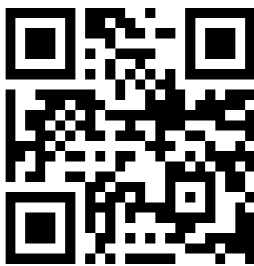

Why this project?

This study will develop a concept design to advance multimodal transportation goals to:

- Make streets safer for everyone
- Reduce serious traffic injuries and fatalities
- Create better SEPTA access
- Make it safer for people walking around the community

We want to hear from you!

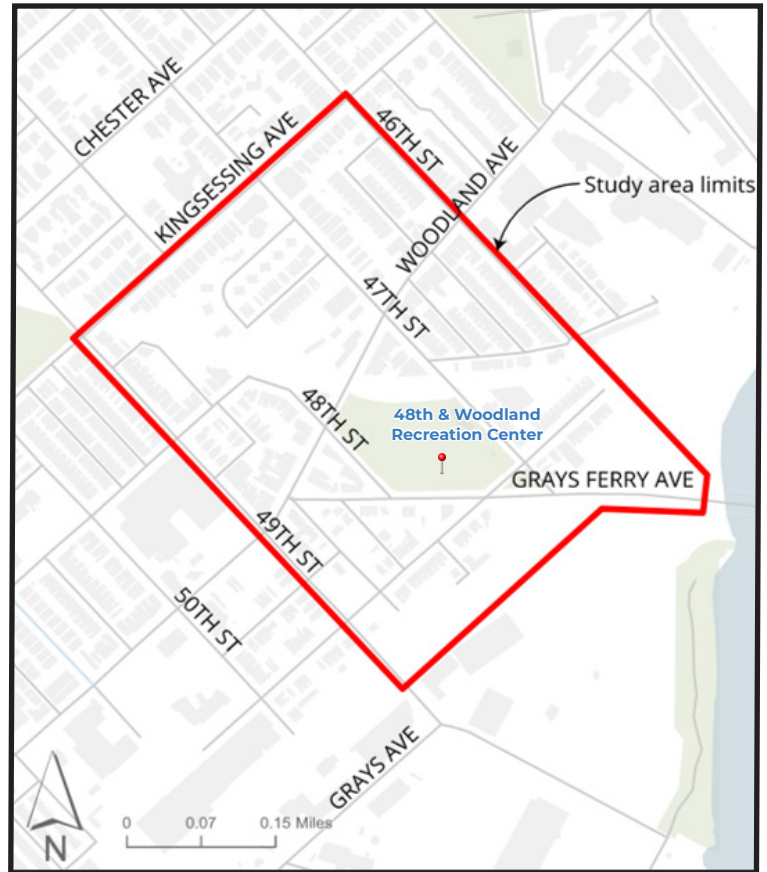

Scan or visit the link below to complete a survey about where traffic safety improvements are needed. Your input will be used to create ideas for implementation.
