Staff Notes (Optional):

Playground replacement project previously approved. Adult fitness equipment is added scope.

Memorandum

To: Philadelphia Art Commission
From: Jane Anderson, Project Coordinator, Capital Program Office
Date: January 28, 2026
Re: Request for Art Commission Administrative Approval

We respectfully request administrative approval for improvements at Cliveden Park. This PPR site is located at 6415 Musgrave Street, Philadelphia, PA 19119.

The following brief describes the extent of work:

Cliveden Park is currently in design for proposed adult fitness equipment, 1165 SF of new safety surface, and minimal sidewalk replacement. The current proposal was added to a previous site renovation project at the request of Council District 8. The previous playground replacement project was approved by the Art Commission in February 2024 and construction was completed in August 2025. The color palette of the adult fitness equipment was selected to match the color palette selected by the community for the playground replacement project.

Please see the next pages for existing site photos, site aerial, proposed fitness equipment layout, and proposed equipment renderings for your understanding of the site and scope.

No trees will be removed as part of this project.

The Project budget is \$113,000, provided by Council District 8.
