The Philadelphia Art Commission Decision Form

The Philadelphia Art Commission

Established 1911

Commission Meeting Date: 10/08/2025

File #: 246-25

Name: Mark Paronish
Philadelphia Parks and Recreation
1515 Arch Street, 11th Floor
Philadelphia, PA 19102

Project Name & Location: Starr Garden Playground Improvements
600-44 Lombard Street

Proposal: The proposal is for the renovation of the existing playground on the corner of S 6th & Rodman Streets and related site improvements, including: new play equipment and safety surface; new splash pad and drinking fountain; new splash pad; new site furniture and fencing; new basketball backboards; and landscaping.

Commission Decision: CONCEPT APPROVAL

Remarks: The Commissioners had questions for which more details will be expected at the Final Review, including: clarification on nighttime conditions, given the site will be open until 9 pm (night rendering of playground encouraged if open after dark); signage (existing or new); and a summary of the community engagement process. The Percent for Art component of the project is to be determined and will follow a separate Art Commission review process.

Octavia Howell
Deputy Director for Planning and Zoning,
Department of Planning and Development

Re: Letter of Intent for Percent for Art Funds @ Starr Garden Playground

Dear Katherine:

Creative Philadelphia would like to inform the Philadelphia Art Commission of our intent to administer Percent for Art funds triggered by the Starr Garden Playground project, located at 600-44 Lombard Street in South Philadelphia. Estimated at \$1.2 million, the capital project consists of playground renovations with new landscaped areas, new paving and exterior site features.

The timeline and scope for the administration of Percent for Art funds is still being determined in collaboration with Creative Philadelphia, Capital Program Office (CPO) and Philadelphia Parks and Recreation (PPR). Given the limited size of the capital project, the Percent for Art funds representing 1% of the total project budget may be pooled with another future Percent for Art project in the same District, in keeping with the City's Percent for Art guidelines, or another allowable strategy may be utilized to maximize the impact of public art dollars in this District.

Once the plan for the administration of art funds is further developed, Creative Philadelphia will initiate a separate review process with the Philadelphia Art Commission for approval.

We look forward to working with Capital Programs Office, Parks and Recreation and all stakeholders to administer these public art funds on behalf of the community, while enhancing the City's renowned collection of public art. Should you require any additional information please do not hesitate to call me at 215.686.4596.

Sincerely,

A handwritten signature in black ink, appearing to read 'Marguerite Anglin'.
