

Germantown Avenue (Erie to Indiana)

About the Project

Why Germantown Ave?

Germantown Ave (Erie to Indiana) is on the City's High Injury Network, with **70 crashes** from 2019-2023. 16 of these crashes involved pedestrians.

Route 23 is a **high-frequency bus route** with the **3rd highest ridership** in SEPTA's bus network, and provides important connections to the Germantown Ave commercial corridor and the Broad Street Line.

Route 23 Bus on Germantown Ave, Fall '25

Project Goals

Design to reduce reckless driving and speeding

Improve pedestrian crossings & safety

Support bus operations & improve bus stops

Create a design that reflects community feedback

Project Timeline

Spring/Summer 2025

Meet with stakeholders. Ask community members: What are your top traffic safety concerns?

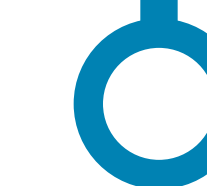

Fall/Winter 2025

Develop design to improve traffic safety, support transit, and reflect what we've heard so far.

Spring 2026

Share design with the community and stakeholders and receive feedback.

Spring/Summer 2026

Refine the design and confirm community support.

2026 - 2027

Develop engineering plans.

2027 - 2028

Finalize plans and seek funding for construction.

What We've Heard

Engagement Snapshot

4
community
meetings
attended

2
pop-up &
canvassing
events

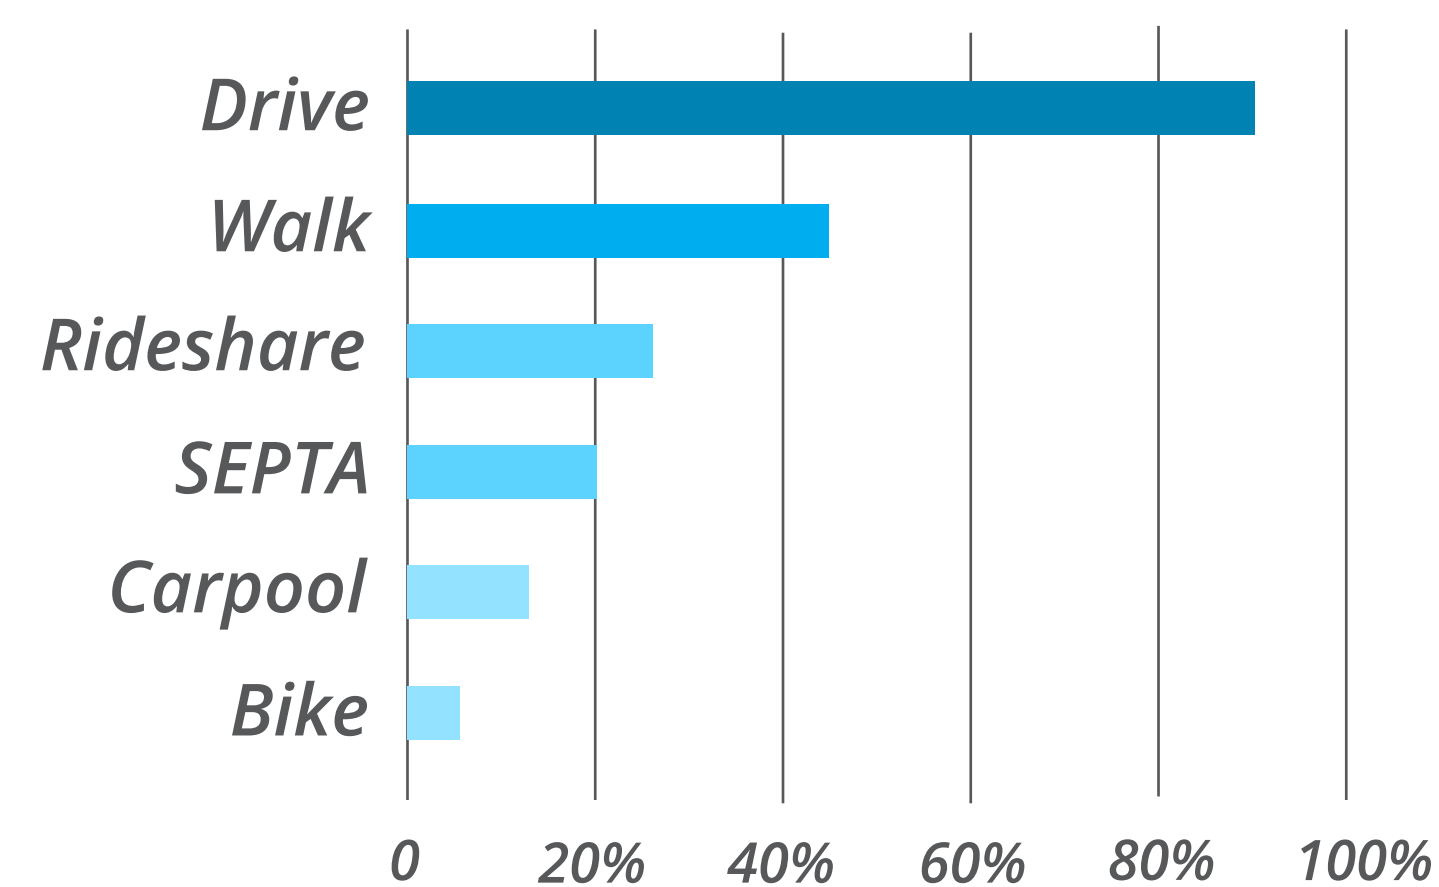

470
number of people
engaged

315 number of people who provided
feedback on the project through
the survey or at an event

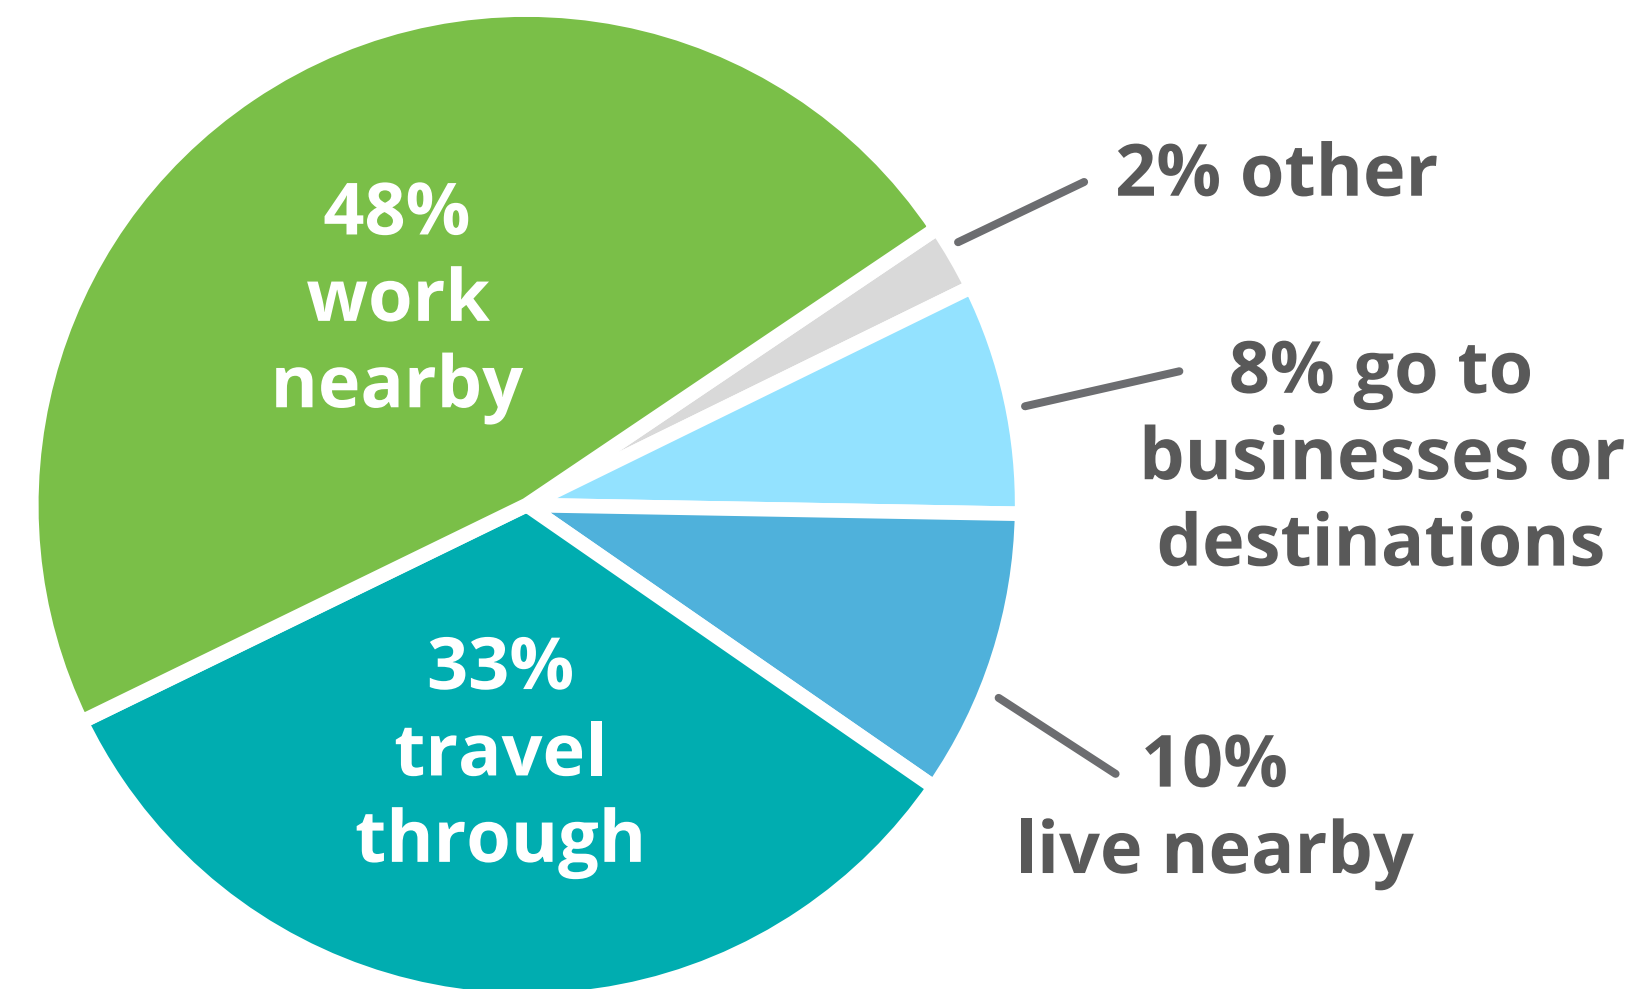

Pop-up event with Called to Serve CDC, Fall '25

How do they travel on Germantown Ave?

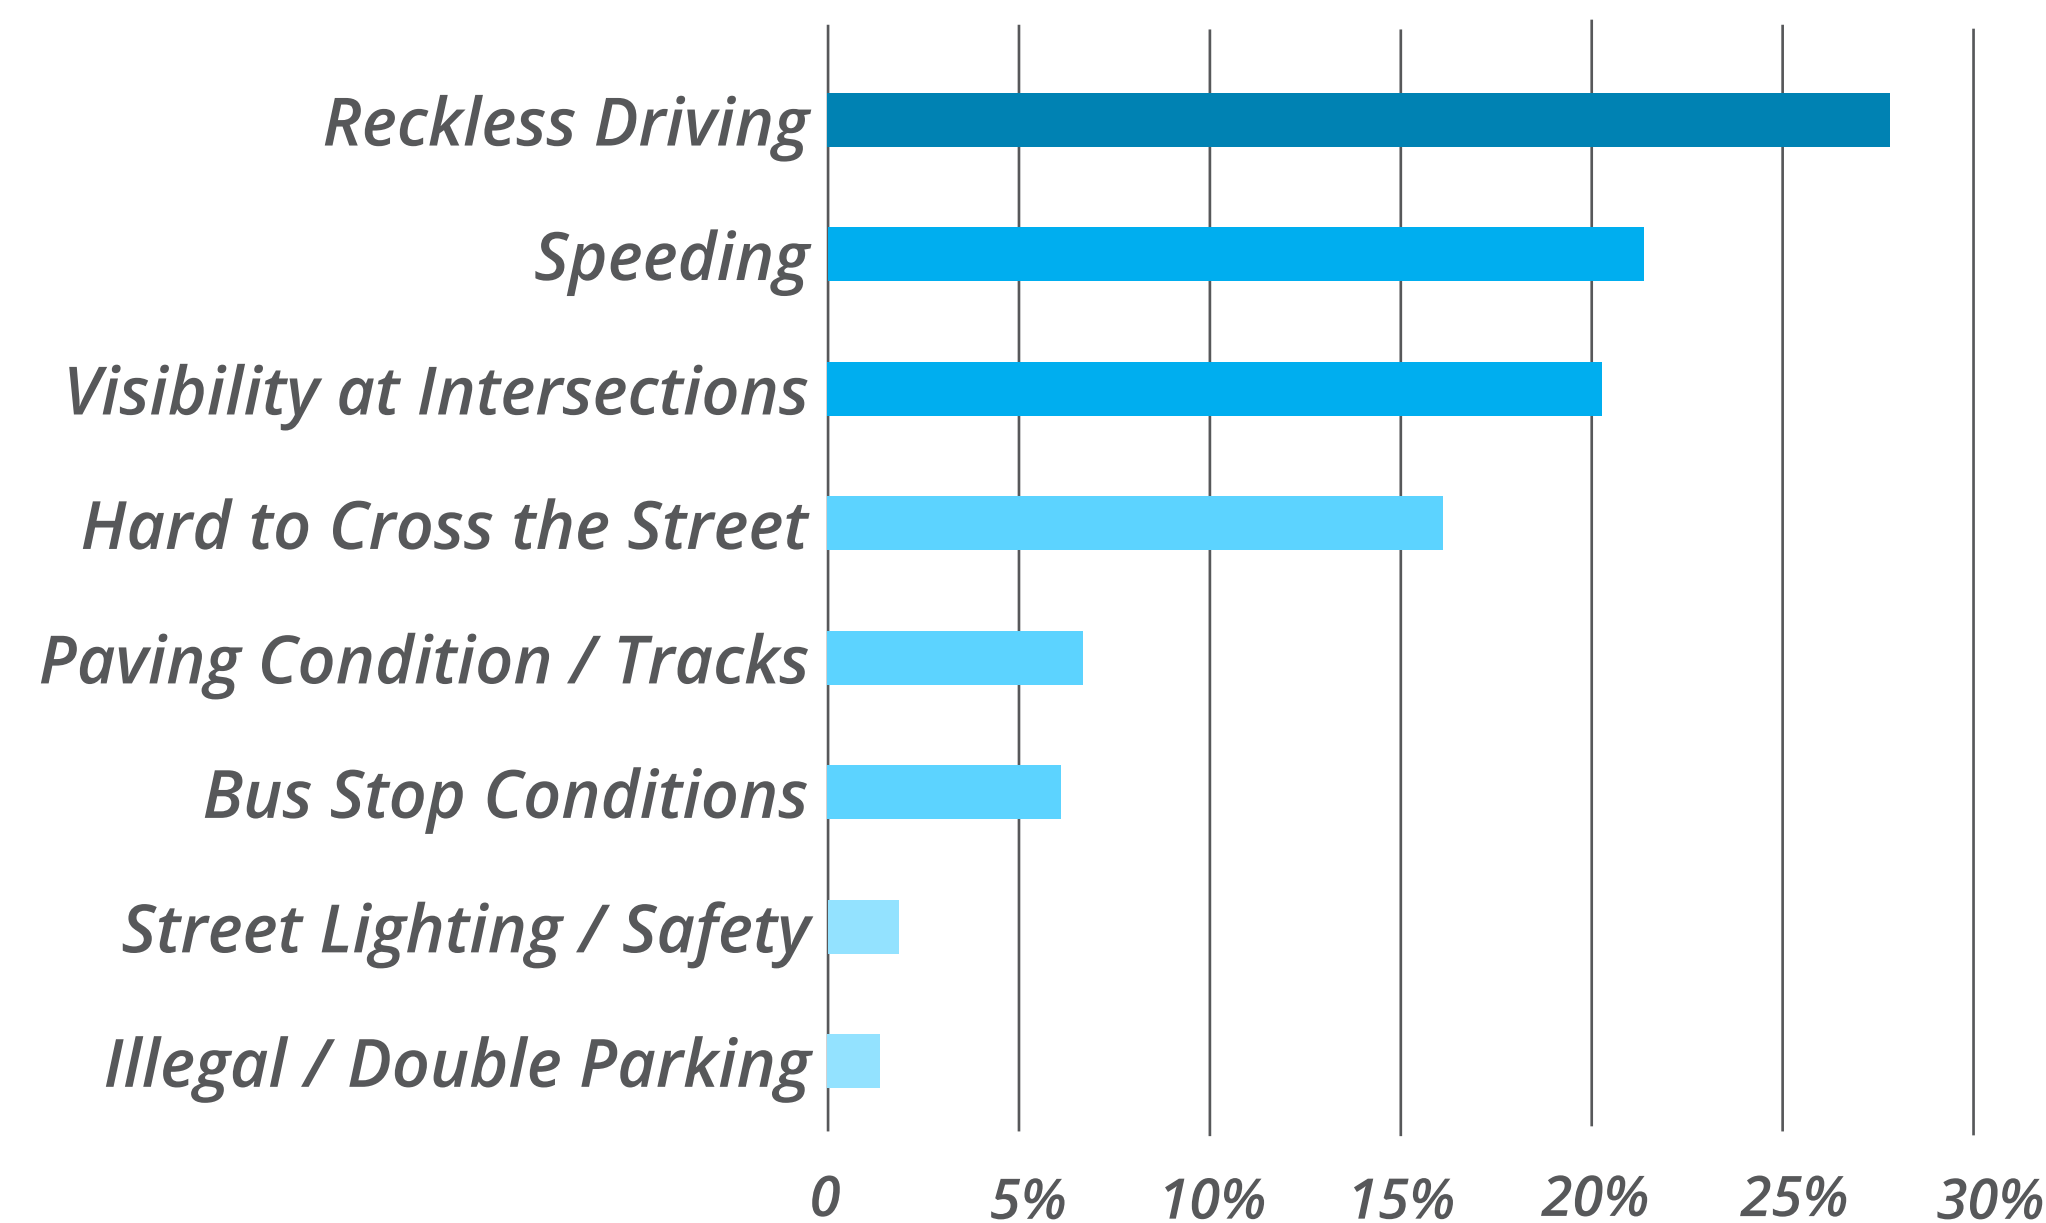

What's their relationship to Germantown Ave?

"Large intersections are not safe for pedestrians."

"The intersection of Germantown and Old York Road is chaotic and hard to navigate as a driver."

What are their biggest traffic safety concerns?
