(215) 844 - 8774

Food Sources

SNAP Hotline (215) 430 - 0555
Call to apply for SNAP/food stamp benefits, for help with your case, or referrals to other food pantries, soup kitchens, meals for seniors, farmers markets, etc.
Food Help Line
Helps clients locate Fresh For All produce distribution sites and Emergency Box (Ebox) locations. Eboxes contain three days-worth of food for a family of four. Clients can obtain an Ebox once, no proof of income required. 1-800-319-3663, www.phillabundance.org

A criminal record cannot prevent you from getting food stamps.

Food stamps can help you get back on your feet.

Having a criminal record does not affect your eligibility, as long as you are not violating your probation or parole.

Benefits are put on your EBT Access Card every month, and can be used like a debit card at most grocers, Farmers’ markets, and corner stores.

(215) 898 - 9643

Emergency Shelter Programs

There are a wide variety of temporary and long-term shelter programs. Some of these are public shelters through the City of Philadelphia Office of Emergency Shelter and Services (OESS) and others are private. Admission criteria are different for each shelter and some shelters specialize in certain populations. Public shelters rely on OESS to coordinate and approve admissions.

City Shelter Programs:

In Philadelphia, OESS is part of the City government. OESS is responsible for the assessment and placement of homeless men, women and families into city funded homeless programs.

OESS Intake and Social Services for Men

Roosevelt Darby Center
802 North Broad Street 19123
7 days a week: 7am – 3pm

(215) 587 - 9377

Community Legal Services (CLS)
Community Legal Services (CLS) provides legal services to low income Philadelphians. They have two offices. Call first for intake hours. CLS helps people in many different areas including:

- Public Benefits- Helps people with problems getting cash assistance, food stamps and medical assistance.
- Housing Unit- Aids low-income tenants living in private, public, and subsidized (Section 8) housing in Philadelphia in many areas, including eviction cases, illegal lockouts, unlawful termination of utilities, homes in dangerous states of disrepair, and housing subsidies.
- Family Unit- Represents parents in Family Court in Philadelphia in matters concerning allegations of abuse and neglect brought by the Philadelphia Department of Human Services (DHS). This unit advocates for its clients, protecting their legal rights in keeping their children at home or working towards returning their children to their homes.

Employment-CLS attorneys are available to help clients with problems getting or keeping a job. They help with fair wage issues and discrimination. They are also interested in helping people whose criminal record hurts them in getting a job.
CLS Center City  
1424 Chestnut Street 19102  
(215) 981 - 3700

CLS North Central  
3638 North Broad Street 19140  
(215) 227 - 2400

Defender Association of Philadelphia  
The Defender Association represents low income Philadelphians charged with misdemeanor or felonies in adult and juvenile court at both the trial and appeals level. Attorneys represent individuals at civil and criminal mental health hearings. They also represent clients at state or county probation/parole hearings.  
1441 Sansom Street 19102  
(215) 568 – 3190

Homeless Advocacy Project  
The Philadelphia Bar Association's Homeless Advocacy Project provides free volunteer legal services to homeless people and to non-profit community groups developing affordable housing and other services for the homeless. They can help you obtain benefits like SSI, GA, TANF, and with other legal problems you may have such as housing eviction, family law, bankruptcy, and employment related disputes.  
1424 Chestnut Street 19102  
(215) 523 - 9695

Pennsylvania Health Law Project  
Provides legal advice and help for people having problems getting health care  
924 Cherry Street 19107  
Monday – Friday; 9:00 a.m. – 5:00 p.m.  
(215) 625 - 3663  
You can also call their hotline to get help at (800) 274 – 3258.

Philadelphia Legal Assistance  
Philadelphia Legal Services (PLA) provides advice and legal assistance in many areas including mortgage foreclosure, consumer assistance, Medicaid, welfare, divorce, child support, child custody and protection from domestic abuse.  
1424 Chestnut Street 19102  
Regular office hours: Monday – Friday: 9am – 5pm  
Walk-in Intake hours - Monday and Wednesday: 9am – 11:30am  
Telephone Intake hours: Tuesday and Thursday: 9:30am – 12noon  
(215) 981 - 3800

Women Against Abuse Legal Center  
Provides legal assistance including counseling, court advocacy and legal representation for victims of abuse. The staff assists in filing for protection from abuse orders, court accompaniment, safety planning, referrals, and support in the criminal justice system for victims who testify against their abusers.  
100 South Broad 19110  
24 Hour Hotline - For help call (215) 386 - 7777  
Office (215) 386 - 1280  
Legal Center (215) 686 - 7082

Medical Care

If you need to see a doctor you may go to one of the health centers listed below. You do not have to have a medical card or insurance. If you can, call first for an appointment, but most places will see you without an appointment, especially if you arrive first thing in the morning.

When you see a doctor, try to be ready to talk about:
*Your health history — for example, do you have high blood pressure, diabetes or some other medical condition
*Your symptoms - be sure to tell the doctor what hurts or what problem you are having
*Your last physical health appointment and the results/diagnosis
*Your most recent need for medical attention
*History of medications (prescribed or over-the-counter); dosages (time & duration)

**Behavioral /Mental Health and Drug and Alcohol Care**

You may need mental/behavioral health services and/or help with a substance abuse problem after you are released. There are many places to seek help in Philadelphia even if you don’t have medical assistance or other medical insurance.

**In emergency situations**, you can call:

- **The Crisis/Suicide Counseling Hotline**  
  24 hours / 7 days a week  
  (215) 686 - 4420

- **The Suicide and Crisis Intervention Hotline** (215) 686 - 4420

- **The Suicide Prevention Hotline** (800) 273 - 8255

- **The Red National de Prevention Suicido** (888) 628 - 9454

For **non-emergency situations** you can call:

- **Community Behavioral Health (CBH)**  
  24 hours / 7 days a week  
  (888) 545 - 2600  
  TTY (215) 413 - 7198.

For **gambling problems** call:

- **Council on Compulsive Gambling** (215) 389 – 4008
- **Problem Gamblers Hotline** (800) 848 - 1880

Other sources of information:

- **DBHIDS.org**
- **Healthymindsphilly.org**
- **Philly.networkofcare.org**
- **Smokefreephilly.org** (800) QUIT-NOW

**Behavioral Health Crisis Response Centers (CRCs) and Outpatient Centers**

Crisis Response Centers provide 24 hours / 7 days a week, walk-in service for people in need of immediate mental health or substance abuse treatment due to a personal crisis. These services are open to all Philadelphians regardless of residence.

STANDING ORDER DOH-002-2016
Naloxone Prescription for Overdose Prevention

Naloxone Hydrochloride (Naloxone) is a medication indicated for reversal of opioid overdose in the event of a drug overdose that is the result of consumption or use of one or more opioid-related drugs causing a drug overdose event.

I. PURPOSE
This standing order is intended to ensure that residents of the Commonwealth of Pennsylvania who are at risk of experiencing an opioid-related overdose, or who are family members, friends or other persons who are in a position to assist a person at risk of experiencing an opioid-related overdose (Eligible Persons), are able to obtain Naloxone. This order is not intended to be used by organizations who employ or contract with medical staff who are authorized to write prescriptions. Such organizations should utilize the medical professionals with whom they have a relationship to write prescriptions specific to personnel who would be expected to administer Naloxone, and would be wise to ensure that all such personnel are appropriately trained in the administration of Naloxone.

II. AUTHORITY
This standing order is issued pursuant to Act 139 of 2014 (Act 139) (amending The Controlled Substance, Drug, Device and Cosmetic Act (35 P.S. §§ 780-101 et seq.)), which permits health care professionals otherwise authorized to prescribe Naloxone to prescribe it via standing order to Eligible Persons.

III. AUTHORIZATION
This standing order may be used by Eligible Persons as a prescription or third-party prescription to obtain Naloxone from a pharmacy in the event that they are unable to obtain Naloxone or a prescription for Naloxone from their regular health care providers or another source. This order is authorization for pharmacists to dispense Naloxone and devices for its administration SOLELY in the forms prescribed herein.

IV. TRAINING AND INSTRUCTIONAL MATERIALS
Prior to obtaining Naloxone under this standing order, Eligible Persons are strongly advised to complete a training program approved by the Pennsylvania Department of Health (DOH) in consultation with the Pennsylvania Department of Drug and Alcohol Programs (DDAP), such as the one found on line at http://www.getnaloxonenow.org/online_training.html or at the DOH
website at http://www.health.pa.gov/My%20Health/Diseases%20and%20Conditions/A-D/Pages/Act-139-of-2014.aspx#.VTFP2WTD-Uk and obtain a certificate of completion. Act 139 does not require training; however, training is necessary in order to ensure that Eligible Persons are protected from legal liability to the extent that Act 139 provides that the receipt of DOH/DDAP-approved training and instructional materials and prompt seeking of additional medical assistance creates a rebuttable presumption that an Eligible Person acted with reasonable care in administering Naloxone.

V. **SIGNS AND SYMPTOMS OF OPIOID OVERDOSE**

1. A history of current narcotic or opioid use or fentanyl patches on skin or needle in the body.
2. Unresponsive or unconscious individuals.
3. Not breathing or slow/shallow respirations
4. Snoring or gurgling sounds (due to partial upper airway obstruction).
5. Blue lips and/or nail beds.
6. Pinpoint pupils.
7. Clammy skin.
8. Note that individuals in cardiac arrest from all causes share many symptoms with someone with a narcotic overdose (unresponsiveness, not breathing, snoring/gurgling sounds, and blue skin/nail beds). If no pulse, these individuals are in cardiac arrest and require CPR.

VI. **APPROPRIATE USE AND DIRECTIONS**

Eligible Persons should be aware of the following information when dealing with a person who it is suspected is experiencing an opioid overdose event:

1. **Call 911 for EMS to be dispatched.**

2. In cardiac arrest or pulseless patients: Call 911 for EMS and start CPR if able and trained to do so. In cardiac arrest, CPR is the most important treatment, and any attempt to administer Naloxone should not interrupt chest compressions and rescue breathing.

3. Naloxone should only be given to someone suspected of opioid overdose as noted in the signs and symptoms listed in Section V above.

4. In respiratory arrest or a non-breathing patient: If able to do rescue breathing, rescue breathing takes priority over Naloxone administration. Administer Naloxone if possible while doing rescue breathing.

5. Administration of Naloxone (only give to someone with suspected opioid overdose based on signs and symptoms listed in Section V above).
A. **INTRA-NASAL NALOXONE**

**Eligible Persons should be provided with the following:**

1. Luer-lock syringes and mucosal atomization devices (MAD)
   a. Two 2 mL Luer-Jet luer-lock syringes prefilled with naloxone (concentration 1 mg/mL);
   b. Two mucosal atomization devices
   c. Patient information pamphlet containing dosage and administration instructions.

2. NARCAN Nasal Spray
   a. Carton containing two blister packages each with single 4 mg dose of naloxone in a 0.1 mL intranasal spray
   b. Package insert containing dosage and administration instructions.

**Instructions for use:**

1. Luer-lock syringes and mucosal atomization devices (MAD)
   a. Pop off two yellow caps from the delivery syringe and one red cap from the naloxone vial.
   b. Screw the Naloxone vial gently into the delivery syringe.
   c. Screw the mucosal atomizer device onto the top of the syringe.
   d. Spray half (1mL) of the Naloxone in one nostril and the other half (1mL) in the other nostril.
   e. Note: Administer the Naloxone in a quick burst to ensure that it is atomized. A slow administration will cause liquid to trickle in without being atomized properly, which will slow delivery to the bloodstream.
   f. Continue to monitor breathing and pulse. **IF NOT BREATHING**, give rescue breathing. **IF NO PULSE**, start CPR, if able and trained to do so.
   g. If patient does not awaken after 4 minutes, administer second dose of Naloxone (if available) (1mL) briskly in one nostril and the other half (1mL) briskly in the other nostril.
h. Remain with the person, monitor breathing/pulse, and provide rescue breathing or provide CPR if needed, until he or she is under care of a medical professional, such as a physician, nurse, or EMS.

2. **NARCAN Nasal Spray**
   a. Lay person on their back to receive a dose of NARCAN Nasal Spray.
   b. Remove NARCAN from the box. Peel back the tab with the circle to open the NARCAN Nasal Spray.
   c. Hold the NARCAN Nasal Spray with your thumb on the bottom of the plunger and first and middle fingers on either side of the nozzle.
   d. Tilt the person's head back and provide support under the neck with your hand. Gently insert tip of nozzle into one nostril until fingers on either side of the nozzle are against the bottom of the person's nose.
   e. Press the plunger firmly to give the dose of NARCAN Nasal Spray.
   f. Remove the NARCAN Nasal Spray from the nostril after giving the dose.
   g. Move the person onto their side after giving NARCAN Nasal Spray.
   h. Remain with the person, monitor breathing/pulse. **IF NOT BREATHING, give rescue breathing. IF NO PULSE, start CPR, if able and trained to do so.**
   i. Remain with the person, monitor breathing/pulse, and provide rescue breathing or provide CPR if needed, until he or she is under care of a medical professional, such as a physician, nurse, or EMS.
   j. Watch the person closely. If the person does not respond by waking up, to voice or touch, or breathing normally another dose may be given. NARCAN Nasal Spray may be dosed every 2 to 3 minutes, if available, until the person responds or emergency medical help is received.

**B. INTRA-MUSCULAR NALOXONE, BY WAY OF AUTO-INJECTOR**

*Eligible Persons should be provided with the following:*

1. Two EVZIO (naloxone hydrochloride injection, USP) 0.4 mg auto-injectors
2. A single Trainer for EVZIO
3. Patient instructions
Instructions for use:

1. Currently the only available auto injector comes with automated voice instructions (EVZIO®) and has a speaker that provides voice instructions to help guide you through each step of the injection.
   a. Follow automated voice instructions.

2. If the auto-injection device does not come with automated voice instruction or the automated voice instruction is otherwise disabled, follow below. The auto-injection device should still work even if the automated voice instructions do not.
   a. Prepare device
      i. For EVZIO®
         1. Pull off the Red safety guard. Note: The Red safety guard is made to fit tightly. Pull firmly to remove. To reduce the chance of an accidental injection, do not touch the Black base of the auto-injector, which is where the needle comes out.
   b. Hold injector with a fisted hand if possible and press firmly against outer thigh, until you hear a click or hiss. EVZIO® can be used through clothing. One auto injector delivers 0.4 mg naloxone.
   c. Continue to hold pressure for a full 10 seconds to ensure full delivery of medication. Note: The needle will inject and then retract back up into the EVZIO® auto-injector and is not visible after use. Do not look for the needle as this will put you at risk for needle stick injury.
   d. Continue to monitor breathing and pulse. If no breathing, give rescue breathing. If no pulse, start CPR.
   e. If no response in 3-5 minutes, repeat the above instruction with a new auto-injection device.
   f. Remain with the person, monitor and support breathing until he or she is under the care of a medical professional, such as a physician, nurse, or EMS.

C. Refills

Refills may be obtained as needed under this standing order.
VII. **Contradictions**

Do not administer Naloxone to a person with known hypersensitivity to Naloxone or to any of the other ingredients contained in the packaging insert for Naloxone.

VIII. **Precautions**

A. **Drug Dependence**

Those who may be chronically taking opioids are more likely to experience adverse reactions from Naloxone. (See adverse reactions under section X below). Additionally, after administration, they may awaken disoriented. Being disoriented can sometimes lead to combative behavior, especially if Naloxone is given by someone unfamiliar.

B. **Respiratory Depression Due to Other Drugs**

Naloxone is not effective against respiratory depression due to non-opioid drugs. Initiate rescue breathing or CPR as indicated and contact 911.

C. **Pain Crisis**

In patients taking an opioid medication for a painful illness such as cancer, administration of Naloxone can cause a pain crisis, which is an intense increase in the experience of pain as the Naloxone neutralizes the pain-relieving effect of the opioid medication. Comfort the patient as much as possible and contact 911 as the patient may need advanced medical treatment to ease the pain crisis.

IX. **Use in Pregnancy (Teratogenic Effects: Pregnancy Category C)**

Based on animal studies, no definitive evidence of birth defects in pregnant or nursing women exists to date. There also have not been adequate studies in humans to make a determination.

X. **Adverse Reactions**

A. **Opioid Depression**

Abrupt reversal of opioid depression may result in nausea, vomiting, sweating, abnormal heart beats, fluid development in the lungs and opioid acute withdrawal syndrome (see part B below), increased blood pressure, shaking, shivering, seizures and hot flashes.

B. **Opioid Dependence**

Abrupt reversal of opioid effects in persons who are physically dependent on opioids may cause an acute withdrawal syndrome.
Acute withdrawal syndrome may include, but not be limited to, the following signs and symptoms: body aches, fever, sweating, runny nose, sneezing, yawning, weakness, shivering or trembling, nervousness, or irritability, diarrhea, nausea or vomiting, abdominal cramps, increased blood pressure, and fast heart beats.

Most often the symptoms of opioid depression and acute withdrawal syndrome are uncomfortable, but sometimes can be severe enough to require advanced medical attention.
XI. KEY INFORMATION

1. If you believe, someone is experiencing an opioid overdose, call 911!
2. Remain with the person until first responders arrive. Act 139 provides that you will not be arrested or charged with parole violations or drug offenses if you call 911, provide all necessary information and remain with the person in distress.
3. Become familiar with how to use Naloxone before someone needs it, through the pharmacist, your medical provider, or online training.
4. If you have questions about the proper use of Naloxone, ask the pharmacist, contact your health care provider, or go to the DOH website at http://www.portal.health.state.pa.us/portal/server.pt/community/emergency_medical_services/14138/act_139_-_naloxone/1938552

XII. REVIEW

This standing order will automatically expire on the date that the physician whose signature appears below has ceased acting as Physician General or until a health care professional otherwise authorized to prescribe Naloxone to the Eligible Person does so as authorized under Act 139-2014, whichever occurs first. This standing order will be reviewed, and may be updated, if there is relevant new science about Naloxone administration, or at least in 4 years.

[Signature]
Physician General’s Signature and License Number 3/1/16
Effective Date

Dr. Rachel L. Levine
Physician General’s Name (Print)

This standing order may be revised or withdrawn at any time.
