

Internet Explorer Settings for PHLContracts

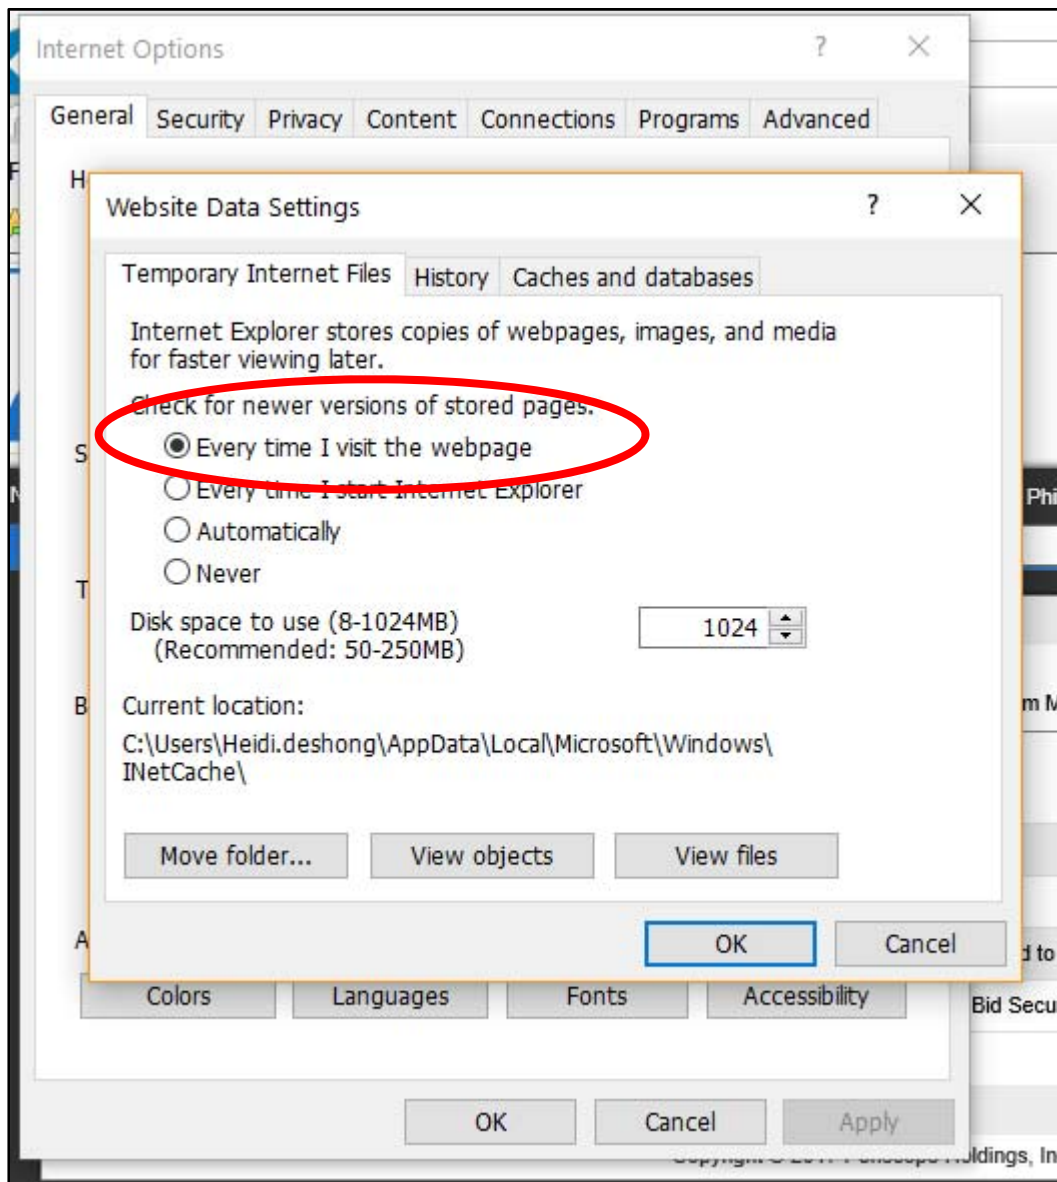

1. Click on **Tools > Internet Options**

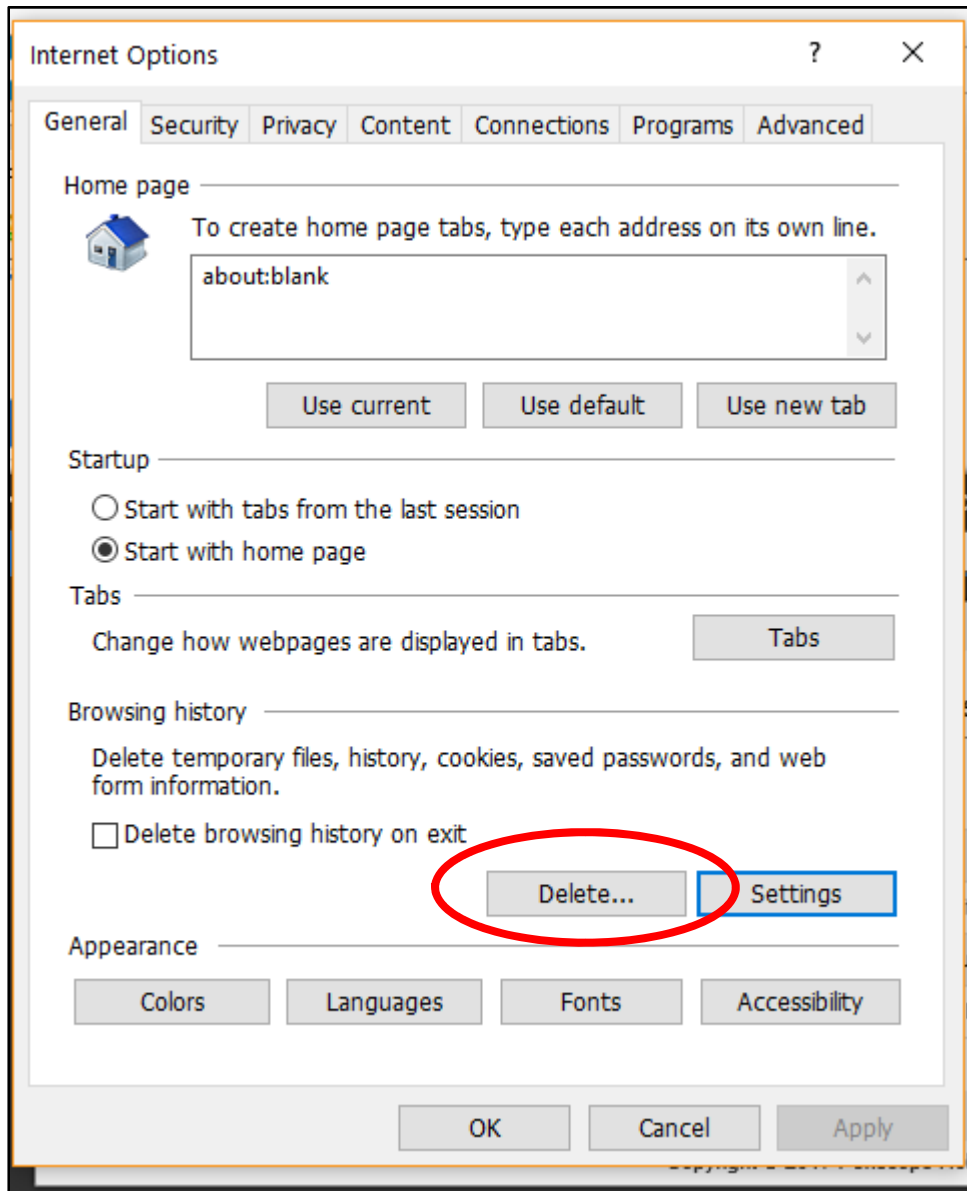

2. Click the **Settings** button in the **Browsing history** section

3. Select ***Every time I visit the webpage*** then click OK

4. Click on **Tools > Internet Options** again.
5. Click the **Delete** button in the **Browsing history** section

6. Check the boxes as shown below and click the **Delete** button. This should remove any stored passwords. If using another browser, such as Chrome, you can delete the Form data and Passwords in a similar manner.

Delete Browsing History

- Preserve Favorites website data**
Keep cookies and temporary Internet files that enable your favorite websites to retain preferences and display faster.
- Temporary Internet files and website files**
Copies of webpages, images, and media that are saved for faster viewing.
- Cookies and website data**
Files or databases stored on your computer by websites to save preferences or improve website performance.
- History**
List of websites you have visited.
- Download History**
List of files you have downloaded.
- Form data**
Saved information that you have typed into forms.
- Passwords**
Saved passwords that are automatically filled in when you sign in to a website you've previously visited.
- Tracking Protection, ActiveX Filtering and Do Not Track data**
A list of websites excluded from filtering, data used by Tracking Protection to detect where sites might automatically be sharing details about your visit, and exceptions to Do Not Track requests.
