Subject: Request Complimentary Water

Your Attention, Please:

We help keep the urban neighborhoods GREEN with our Community Gardens.

Our plants release oxygen; our flowers beautify the community; our excess fresh produce is given free to Seniors and the poor.

Please grant us low-cost water so we can continue to add environmentally productive spaces to Philadelphia.

I have been a community gardener for 30 years and I know whereof I speak.

Truly,

RW Delaney

Member of Queen Village Community Garden (QVNA).
